Request for Training at Non-CIA Facility

1. Attached is an application for training at the Armed Forces Staff College for one of the members of my staff. It is understood that your office will screen this request and forward it to the Career Council for appropriate action.

2. In forwarding this request, I note and recognize that the candidate does not possess the formal academic background which has been established as a prerequisite for the Armed Forces Staff College. The candidate does, however, in my opinion, possess an equivalent educational level by reason of his background, previous assignments within this organization, and experience in dealing with military commands at the staff level.

25X1
3. The candidate, [] has proven to me that he is a mature individual of sound judgment. I consider him to be a definite asset to my organization and foresee increasing value to this Agency as a senior career staff officer. Additionally, I consider [] to be an excellent representative of this Agency and feel sure that his conduct and participation in the school will reflect creditably to both himself and the Agency.
